FIRST PRIZE AWARDED TO RANDALL COUNTY

Two County Dairymen Are Winners

FULTON AND STEWART ARE SUCCESSFUL

ANNUAL BANQUET IN AMARILLO HELD TUESDAY EVE.

Joe Vaughn, Swisher County Winner of Gold Medal and First Place in the Contest.

Two Randall county dairy farmers were accorded high honors at the annual banquet, which marked the close of the third annual Master Dairy Farmers' contest sponsored by the Amarillo News-Globe and held in the Amarillo Hotel Tuesday night, when ten dairy farmers of the Panhandle were honored.

H. R. Fulton and C. C. Stewart were the successful Randall county men. Mr. Fulton won third place and Mr. Stewart won fifth. This brought the total of successful winners in Randall county to six in three years. Last year Randall county was honored with a first place winner, a third place and tenth place.

Henry Ansley presided as toastmaster at the banquet. Short talks were made by a number of leading men of the Panhandle including Earl Fuqua, general chairman of the agricultural committee of the Amarillo Chamber of Commerce; Gene Howe, editor of the News-Globe; Congressman Marvin Jones; John E. Hill; all 10 of the winners of the contest and several of the county agents.

A total of $825 in cash prizes together with two gold and eight silver medals were distributed to the 10 high contestants. Joe Vaughn of Tulia won first place and received $250 in cash and a gold medal; J. E. Rigler, Plainview, was second, $200 and a gold medal; H. R. Fulton, Canyon, third, $150 and a silver medal; C. L. Carruth, Miami, fourth, $100 and a silver medal; C. C. Stewart, Canyon, fifth, $75 and a silver medal; R. L. May, Amherst, sixth, $50 and a silver medal and silver medals to Miss Ida Vaughn, Tulia, Robert Smith, Jr., Lockney, W. Foster, Tulia, and Lester Galley of Hereford.

A condensed summary of the three years' contest shows: in 1929 the total number of cows was 307; in 1930, 276.1; in 1931, 275.4; total pounds of fat, in 1929, 72,030; in 1930, 81,439.8; in 1931, 83,299.8. The total cost in 1929 was $21,414.11; in 1930, $15,090.52; in 1931, $11,929.29.

The average number of cows per herd in 1929 was 21.9; in 1930, 17.7; in 1931, 17.2. The average pounds of fat per herd: in 1929, 5,145; in 1930, 3,878.09; in 1931, 5,206.24.

The average butterfat per cow in 1929 was 234.6; in 1930, 294.9; in 1931, 302.4.

Average cost per pound of butterfat: in 1929, 29.8; in 1930, 18.5; in 1931, 14.3.

Dairymen and those closely connected with the work for years were unanimous Tuesday in stating that the figures obtained from the record-keeping of the past three years are simply invaluable to the industry and from a basis upon which any man who looks to the future and is willing to work can build a successful and enduring business in this section of the country.

Governor Submits Question to Cut All Appropriations

Governor R. S. Sterling submitted the question Monday afternoon to the legislature to reduce all state appropriations. He has suggested that all budgets for the coming two years passed by the regular session be reduced by the legislature, including all departments of government. All state salaries are expected to be considerably reduced by bills which will be introduced.

It is expected that the question of appropriations will take at least two weeks for consideration before finally being disposed of by the legislature.

Glen A. Smith and Hubert B. Scott of Plainview, employees of the Texas Utilities Company, were in Canyon Friday.

Haley and Capitol Syndicate Settle Million Dollar Suit

Settlement was made Friday in the district court at Lubbock of the million dollar libel suits which had been filed by the Spikes family again J. Evetts Haley and the Capitol Syndicate. The defendants paid $17,500 in addition to $5,162 costs of the suit.

The defendants won the first case to be tried, which went for a record of 28 days in the district court. Several other cases were pending, including some cases filed in the Crosby district court. The one case tried and won by the defendants had been appealed to the civil court of appeals by the plaintiffs. All plaintiffs agreed to the settlement as made, and no further cases will be tried.

The suits were the result of statements made by Haley in his history of the Capitol Reservation Lands Co. regarding cattle rustlers in the early history of the Panhandle country.

Help Keep Canyon Clean!

COTTON PICKERS ARE NEEDED IN COUNTY

As unusual as it may sound, Randall county is in need of cotton pickers.

This fact was revealed early this week by Fred E. Wortham, secretary of the Chamber of Commerce, when he stated that a number of cotton pickers were wanted. He is assisting farmers and those who want to pick cotton to get located.

Louis Hinders, who lives in the south part of the county states that he has some 50 acres in cotton and will be in need of help to gather the crop by the latter part of this week. The cotton is good he says and will make practically one-half bale per acre.

Anyone who wants a job and needs the work may get in touch with Mr. Hinders direct or through the Chamber of Commerce. It is possible that transportation may be arranged from Canyon to the cotton field and return each day.

279 FRESHMEN ARE ALREADY ENROLLED W. T.

NEW POLICIES ADOPTED BY W. T. AID STUDENTS.

People of Canyon are Doing All Possible to Provide Work for Students Who Desire It.

At five o'clock last night 279 freshmen had enrolled at the West Texas State Teachers College and every indication pointed to a much fuller enrollment than might be expected at this time. Due to a much better organization of the enrollment formalities students went through to the completion of their matriculation faster than ever before according to Registrar D. A. Shirley.

All members of the faculty were on hand Tuesday afternoon for the first meeting of the year, and President Hill outlined several new policies which have been adopted and urged that all members of the faculty do everything possible to make this an inexpensive year for students. Free textbooks, and the new rates in the music department, Saturday classes for teachers in service and extension classes are among the activities which will enable the college to give the students on the campus and the teachers of the region all the possible advantages of the year.

People of Canyon are doing all possible to provide work for boys and girls who could not otherwise be in college. One student is receiving board and room in return for music lessons given to two small children. Twenty-six boys are working their way on the college farm, and at the same time making it possible for Mr. Moore, the manager to carry on some improvements and projects that would otherwise be impossible.

The football squads are unusually fine, according to coaches Burton and Jones; there are thirty-five freshman boys out for football, which promises well for next year's athletics, freshmen not being allowed to participate. The older squad is fully as large as last year, and the outlook for basketball and other athletics is bright.

Sophomores, Juniors and Seniors are enrolling today and Friday and class work will be under way by Saturday. There are still many students not in the city who will come within a few days.

Dr. A. J. Hill and members of his staff are well pleased with the first day's showing and a year of very serious work is expected.

Wild Story Abroad About Needy in City

Have you heard that a large number of families in Canyon have requested aid from the city or county?

The story is abroad that all the way from 100 to 150 families have filed such a request.

Whatever you hear is all wrong. As a matter of fact not a single request has been filed with either the city or the county, and none are expected.

Both Judge S. B. Orton and Mayor R. A. Bellah stated they had heard these wild rumors, and advised that people pay no attention to such statements. Canyon has never had many cases of charity and not many are expected this winter.

A. C. Carnahan to Audit County Books

The contract for auditing the books of Randall county was awarded Saturday by the county commissioners to A. C. Carnahan of Amarillo. Several firms put in bids, Mr. Carnahan being considerably under all others.

Carnahan did the auditing work last year while working for another firm.

Mrs. Andy Costley and daughter, Anne, and Mr. and Mrs. H. W. Burrus returned last week from a two weeks tour of Oklahoma, Kansas and Missouri.

Mr. and Mrs. Bill McCarty and Mrs. J. B. Sykes of Big Spring were in Canyon the first of the week visiting old friends.

Rev. L. R. Hudson Gives Talk At Rotary Tuesday

The Community Service committee had charge of the program at the weekly luncheon of the Rotary Club Tuesday with Wes Kleinschmidt in charge. Rev. L. R. Hudson, who is taking over the Boy Scout work, succeeding Boone McClure, gave the principal address choosing as his subject "The Community and the Attitudes of Youth."

In his talk Rev. Hudson stressed the fact that the welfare of America depends upon the attitudes of her citizens, and that America's worst enemies are not foreign nations but the people within who have wrong attitudes toward our ideals and institutions. He then pointed out that to set the nation straight and to make it strong, youth must be given the right ideals and the right attitudes, thus, the home, the school, the church and scout work were important factors in our national life.

Visiting Rotarians were: Arthur Osgood, Phil O. Purdum and Hugh Allspaugh, all of Amarillo. Rev. Hudson was a guest of the club.

Mayor Bellah to Attend Meeting Of City Officials

Mayor R. A. Bellah will attend the meeting of the League of Texas Municipalities in Fort Worth tomorrow. The principal object of the meeting is to discuss the rates of natural gas.

The State Railroad Commission has appointed Laten Stanberry to direct the investigation of gas rates under a law passed by the last session of the legislature. It is likely that the state will employ engineers to make a scientific survey of the entire gas situation in Texas.

Campaign For Dr. Hill Increases Over the State

The movement for the election of Dr. J. A. Hill as head of the Texas State Teachers Association is gaining strength in West Texas. At the recent session of the Panhandle Teachers Institute held here a resolution endorsing Dr. Hill for the presidency of the state association was passed by the group of over 1200 teachers. More than one hundred school executives over the state have pledged their support to Dr. Hill. The annual convention of the Texas State Teachers Association will be held in Amarillo in November.

Dr. Joe A. Hill has served as the successful head of the West Texas State Teachers College for 13 years. He has been connected with the institution since it was founded in 1910 and is recognized as an outstanding educator in West Texas. He holds a B. A. degree from the University of Texas and an M. A. degree from the University of California. In May of this year a LL. D. degree was conferred upon him by Simmons University at Abilene.

Beginning his teaching carreer in Bell county in 1898, Dr. Hill first taught in a small one-teacher school. He has been connected with the teaching profession continuously since that time. He resigned as superintendent of the Roscoe Public Schools in 1910 to come to Canyon with Dr. R. B. Cousins when the West Texas State Teachers Normal was established. Here he served as head of the history department until 1918 when he succeeded Dr. Cousins to the presidency of the institution.

His connection with the educational life of Northwest Texas have been such as to cause him to be recognized as the leading educator of this entire section. He has seen a small normal school grow into an outstanding teachers college of Texas. Growing from the West Texas State Teachers Normal to the West Texas State Teachers College, a four year standard college now offering graduate work leading to an M. A. degree is the result of much labor on the part

BUFFS TACKLE TECH IN HARD GAME FRIDAY

BURTON LADS HAVE EASY TIME WITH AGGIE TEAM.

Plenty of Fight Being Shown by Buffaloes—Tech Will Try to Avenge Last Year's Defeat.

"On to Tech" is the battlecry of the Buffalo herd as preparations are being made for the trip to Lubbock Friday afternoon. The Matadors are working long and hard to try to avenge the Buffalo victory of 6-0 administered on Buffalo field last year, while the Buffs are equally anxious to emerge with the third-in-a-row victory over the South Plains college.

The Buffs swamped the Panhandle Aggies Friday night 45-0 The locals ran away with the game in every department. While the opposition was not sufficiently strong to develop the weak spots in the team, the coaches were highly pleased at the first showing of their men.

Starting Saturday morning, the coaches settled down to intensive training for the Tech game tomorrow at Lubbock. Owing to the fact that neither college will hardly have opened, it is not expected that a large crowd will gather for the game.

"We have a small squad of men, but have never seen a finer spirit in my life. Every man is doing his very best, and whether or not we lick the Matadors, I feel certain of one thing, our boys will be fighting all the time," said Coach S. D. Burton.

The lineup for the Tech game may be some different than that used in the game against the Panhandle Aggies, although it can't be much different. In Red McInnis, Capt "Daddy" Powell, Bob Clark, "Al" Duncan, "Cow" Williams and Jack Spence, Coaches Burton and Crump have some good ball carriers.

Brotherton is a good blocker, but his fumbling in practice has made the coaches fearful of him as a carrier of the pigskin. Clyde Keith, Guy Richards and Leonard Britt are other backs that will doubtless see service. Britt is a husky junior of 165 lbs. and he has the best kicking toe seen in these parts in many a day, but this is his first year at football and he has considerable to learn.

Keith, a cousin of the famous "Red" is light, but fast and shifty and will be used in many games when a man of his type is needed. Richards, who was ill for several days, just before the football training, has not shown the fire he is capable of showing. He will come into condition slowly, but should be all right in another week or so.

The line composed of Bill McLendon, Farris Bass, and D. J. Phillips as centers; Leo Cooper, Ronald Woolever, Lloyd Devin, Tim Dougherty and "Sunshine" Harris as guards, "Big George" Manning, "Gallop" Ballengee, "Tricky" Lane, and Arthur Jennings as tackles; Otis Burk, Joe "College" Fortenberry, L. A. Stowe and David Lee, as ends are all expected to be ready for the Tech game.

Taxes Must Be Paid By Oct. 15 or Penalty Added

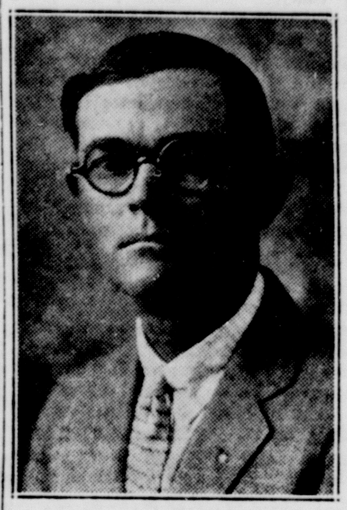
State, County and School taxes which were not paid by January 31st of this year must be paid on or before Oct. 15th or the penalty will be added. Interest will be collected for the period of 8½ months from January 31st.

John Fry, county tax collector, states that about 25 per cent of the taxes on the county tax rolls were not paid on Jan. 31st. many of the citizens taking advantage of the law passed by the special session of the legislature postponing the payment of taxes until October 15th. Payments not made by that time will make the taxes delinquent, and payable with penalty.

Mr. and Mrs. N. E. McIntire motored to Tulia Sunday where they visited in the home of Mrs. McIntire's sister, Mrs. G. C. Hutchinson.

FOR FOURTH CONSECUTIVE YEAR BLUE RIBBON ON FARM PRODUCTS WON FOR RANDALL BY UPCHURCH

Four In A Row



W. H. UPCHURCH

Randall county's claim to the title, "The Banner Agricultural County of the Panhandle" was upheld and she retained the undisputed leadership of the Panhandle, when her products won first place among county agricultural exhibits for the fourth consecutive year at the Tri-State Fair, the winners being announced late Tuesday afternoon.

By winning first place, County Agent W. H. Upchurch, who handled the exhibit in previous years, brought added honors upon himself as an exhibitor of the finest field and garden products in this entire section, if not in the state. In eight years of competitive exhibition Mr. Upchurch has won six blue ribbons at the Tri-State Fair. The first two of these while county agent in Hartley county and the remaining four for Randall in the same number of years.

The first place honor to Mr. Upchurch and Randall county this year may truly be recognized as an outstanding distinction. The competition at the Tri-State Fair was the strongest in its history. Booths for county exhibits were occupied by 23 counties in the Panhandle, New Mexico, with one from northwest Texas. This was 5 more counties than exhibited last year.

Mr. Upchurch, when questioned about his comparative standing with his exhibits in other years, declared that there were 5 county exhibits in Amarillo this year that were better than his 1930 showing.

First place for 1931 was won by one of the largest margins at any time when Randall county has won first place. This county scored 941.17 points while Lamb county, second place winner, scored 929.33 points out of a possible 1,000. This left a margin of 12.84 points. Hemphill county was third place with just a half point less than Lamb county.

The major exhibits in the Randal county exhibit were wheat, grain sorghums and alfalfa.

Among the minor crops shown were soy beans; pumpkins; pinto, butter and teaberry beans; black-eyed, cream and polecat peas; rye; oats; barley; sweet sorghum; peanuts; onions; potatoes; cashaws; watermelons; egg plants; tomatoes and peppers.

The judges of the agricultural exhibits were: J. B. Wallace, U. S. grain inspector, Plainview; R. E. Dickenson, superintendent of the Spur Experiment station and Don L. Jones, superintendent of the Lubbock Experiment station.

The winning exhibit will be carried to Dallas for exhibition and competition at the State Fair of Texas, where Randall county won first place in 1930. The fair will open on October 10th. Those in the county who may have anything which they believe will add to the exhibit and improve it are requested to get in touch with the county agent within the next few days.

Brady Expects a Stiff Battle In Game Friday Eve

Coach Edgar Brady is this week revamping his offensive machine of the Canyon High School Eagles, to be built around Wayne Tucker, flashy little fullback, who has proven to be a race horse in the two games played this season. This preparation is being made for the stiff battle expected when the Silverton High School eleven invades the Eagle came on Friday night.

It was Tucker who led the scoring attack on Panhandle when the Eagles won the first home game of the season. He snagged a pass and raced across the goal line last Saturday night to tie the score with Panhandle and then later in the game broke through the line for a 70-yard broken field run, to score a second touchdown which beat Panhandle 12-6. The long run was beautiful and demonstrated to the home folks that Tucker was swift. He shook off one tackler after another and his interference mowed down the Panthers after the fleet-footed Eagle ball carrier had been completely surrounded three times.

The Canyon-Silverton fray will be a high school conference game played under the powerful floodlights of Buffalo Stadium. It is expected to draw a large crowd as it will be the first conference game for either of the Class B teams. This is the only game to be played in Canyon this week end as the West Texas Buffaloes will go to Lubbock and play the Tech Matadors there. Again the popular prices of 25 and 35 cents will be charged, school officials state. The stands are expected to be filled.

Silverton is boasting of a strong eleven, the strongest in many years. Dutch Cleavenger is coaching the Silverton boys and he has almost a full string of lettermen back this season.

"The game Friday night will be tougher than either the Borger or Panhandle games," Coach Brady stated today. "The Silverton crew is expected to go far in the conference this year and which ever team is defeated Friday night will probably be out of the running."

The Eagles came out of the game last Saturday night with only two serious injuries. Owen Miller and Ernie Wiggins may not be in a condition to take part in the Silverton game, leaving a vacant place at end and guard to be filled with substitutes.

Western Union to Stay Open Longer

Word was received this week from the district officials of the Western Union Telegraph Company that the down-town office will not be closed October 1st, as was formerly announced but will remain open during the month of October and perhaps longer.

Protests were made by the business men of the city against closing the office as it is inconvenient to transact business by wire thru the depot.

Miss Nann Weir will remain in charge of the office.

Randall Jerseys Win Many Ribbons at Tri-State Fair

Leading with the Randall county agricultural exhibit as first for the fourth consecutive year, this county began to get her share of the blue ribbons as the judging of all entries in the Tri-State Fair were being completed Tuesday and Wednesday.

In the Jersey division of the Dairy Cattle Show, Randall county took second place with a county herd, in which five breeders in the county showed a completed herd of 8 cows.

Other Jersey awards to Randall exhibitors announced late Tuesday were:

Bulls, three years and over: Fifth—Marie's Oxford You'll Do, Tierra Blanca Farms. Eighth—King Tarzan's Major, J. W. Watson. Ninth—Her Majesty's Sybil Gamboge, C. C. Stewart.

Bulls, senior yearlings: Third—King's Tarzan Gamboge, Tierra Blanca Farms.

Bulls, junior yearling: Second—Brindle's Prudent Prince, J. W. Watson.

THE BANK'S OBLIGATION

In times like these, we hear every day the misstatement, "The banks caused this depression because they will not loan money."

Let's see about that. Have you found any one who had sufficient collateral that could not borrow needed funds for useful purposes? That period has not been reached, although there have been depressions in which no one could borrow money, no matter how great the collateral.

It is unfair to charge that banks are responsible for the depression just because they happen to have plenty of money. Who's money is it any way? Money belonging to the Banks? No, it is the money left with the banks by the depositors for convenience and safe keeping. The banks are custodians of this money. The depositor may need the money on a minute's notice, and if he needs it, he must feel sure and certain that he can walk into the bank, write a check and get every cent of the deposit without delay. If the bank is solvent, he will be able to do that.

Look at the other side of the picture. Supposing that the banks of Canyon, just to bring it home to the reader, should suddenly turn free-handed and loan everyone who wanted money, regardless of whether or not he had collateral. In such a situation, it would not be a week until all the deposits were exhausted, and all of the credits of the bank disbursed. Then what? Just another bank failure, a sick community for many months to come, the loss of many homes, and the savings of a life time wiped out. Such things cannot be.

Before you start in cussing the banks, just keep in mind that Canyon is fortunate in having two sound banks, and they are sound today simply because the officers have not allowed men to make a raid upon the money belonging to the citizens of this community. We have seen the terrible example a score of times almost in the Panhandle within the past year of bank failures due to too free a hand upon the part of bank officials. Sound securities is the only thing upon which a bank can loan the money which is there awaiting your pleasure.

The next time you hear someone cussing the banks for not loaning more money, instead of chiming in with the dissatisfied one, just go around and thank your banker for being so business-like and protecting your money, the money of your neighbor, that of the schools, the city and the county.

Panhandle publishers yesterday honored Dr. J. E. Nunn of Amarillo on his 80th birthday. Dr. Nunn is one of the grand "young" men of the Panhandle. His forward looking spirit refuses to classify him as "old," although a man who reaches his 80th milestone too often is so classed. Dr. Nunn has always been associated with the enterprises which have for the upbuilding of the entire Panhandle. He has wisely invested his time, talent and money in those things which make a better world. Rich is the heritage he will leave on this earth, in the things well done, in the cheer brought to those whom have been blessed to associate with him. May he continue for many years to come to be a blessing to his family, friends and associates.

Huey Long, erstwhile governor of Louisiana, charged that the Texas legislature killed his no-cotton bill under the influence of bribery, wine and women. His ignorance is appalling. Time was, perhaps, when legislation could be bought. That time is far in the past. Men and women today accept their public office with too much feeling of responsibility it accept bribes. In addition, who in the world can imagine anyone actually paying out good American money in times like these in order to kill the foolish bill sponsored by "Mooey" Long. Of course it was not very nice to call him a liar, but as one of the members stated, there was nothing wrong in proving him one.

Canyon has within its gates once more the student body of W. T. The citizens of Canyon are to be congratulated in having with us such a fine body of young men and women, who are here with the purpose of preparing themselves to be better men and women. The student body here is of the highest type of any in the state of Texas. They are here for a purpose, and that purpose is to accomplish.

Gandhi's silence is creating a profound impression in England. Here is one person who knows when to keep silent, and when to talk. God knows the world could use a lot more such persons. The average person talks when he should be silent, and is silent when he should talk. There are more people who talk too much than there are who are too silent.

The News regrets that the Western Union has seen fit to announce that the down town office will be closed October 1st. With the depot half a mile away from the business section, and it being impossible to get the depot by phone half of the time, citizens of Canyon will use long distance and air mail more if the down town office is allowed to close as announced.

Canyon has not had a major business failure in twenty years. How is that for safe, sound business administration? Canyon's business men may not be so aggressive as may be found in other towns, but at least they have conducted their business affairs in a safe, sane manner.

State officials have started to make a study of gas rates in Northwest Texas. This is the only way that the smaller towns may expect to receive better rates.

The Tri-State Fair opened in Amarillo Monday. Go up during the week and see the exhibits. It will make you proud that you live in the Panhandle of Texas.

Teacher—"Did your father help you with this problem?"

Smart Boy—"No, I managed to get this one wrong by myself."

For the best HOME-ROLLED cigarettes ever... *try this*

2 full ounces in every Tin
No other tobacco is like it

OPEN a tidy red tin of Prince Albert... sniff the delightful fragrance of the tobacco. It's the grandest aroma that ever floated out of a package of smoking tobacco. Then spread a cigaretteful in a paper and see how quick and easy it rolls into a trim cigarette that burns evenly and stays put. No fuss or muss or spilled tobacco... because P.A. is crimp-cut. That's why it rolls so smooth.

Now light up!

You'll have to admit that no other home-rolled cigarette ever had so much to recommend it. Prince Albert is simply better tobacco, Gentlemen.

Have you tried a pipe lately? Men who thought a pipe was not for them have changed their minds after the first load of P.A. This friendly tobacco just wouldn't think of biting your tongue or parching your throat. Take my tip... get out the old pipe and give it a new deal.

—AND THE PAPERS ARE IMPORTANT, TOO. The perfect combination for home-rolled cigarettes: P.A. for filler and OCB for wrapper. Mrs. Marion Bishir Entertains with Unique Parties The Past Week End

Mrs. Marion S. Bishir of 1715 Sixth Street, was a popular hostess this week when she entertained the members of the Friday Afternoon club with bridge Friday, and was hostess to four tables of bridge Monday afternoon. She was assisted at each of these functions by her sister, Miss Dannie Mack Stewart.

The affair Friday afternoon was a unique and entertaining one. It was announced as a "Hard Time Party" and the guests were requested to wear ginghams and house frocks. The rooms where the bridge tables were placed were decorated in sunflowers. When, at the conclusion of the games, Mrs. Wallace R. Clark and Miss Jennie C. Ritchie tied for high score, Mrs. Clark was awarded a well filled grocery basket and Miss Ritchie received a fat hen.

The refreshments were in keeping with the spirit of the party, and each guest received a stick of candy as a favor.

HELPFUL AND CONSTRUCTIVE SERVICE

The public demands service—honest, fair, helpful, constructive service—no other sort of service will stand the test of time—no other sort of service will develop confidence and trust or perpetuate loyalty and patronage. It is our pride that our patrons and public have stood loyal and steadfast in ever increasing numbers. We like to believe that it is a commentary to our unswerving efforts that our business continues to grow and meet the demands of this new country in the great Southwest. It is ours to keep the public trust we hold, and it shall be our greatest pride in giving the kind of service that guarantees public faith. . . . .

Mrs. Elizabeth Fry Page Is Honored At Episcopal Convention In Denver

Mrs. Elizabeth Fry Page returned Wednesday morning from the General Convention of the Episcopal Church at Denver where she had the signal honor of being presented with 14 other Student Counsellors at a mass meeting held at the City Auditorium in Denver on the evening of Thursday, September 17th. More than 6,000 delegates were present at the meeting.

Mrs. Page was the official delegate of four church groups, the Daughters of the King from the District of North Texas; the West Texas State Teachers College work; The United Thank Offering, and the Woman's Auxiliary, therefore, she was a guest at many hospitable social affairs besides the business meetings of the convention.

The Daughters of the King convention was held prior to the general assembly, as it met on the 11th and lasted till the 17th. This organization held early communion each morning followed by breakfast.

The General Convention, which meets only once every three years, is attended by delegates from all parts of the world, making it all the more interesting to those taking part. The principal speakers were persons of world renown and gave exceptionally interesting discussions.

Mrs. Page attended a seated tea given by the Woman's Auxiliary at the Country Club Monday afternoon. This was one of the largest social functions with more than 2,000 ladies present. During her stay in Denver, she was the house guest of Miss Margaret Hart, daughter of Dean Hart who built the St. John's Cathedral of that city.

One of the most interesting outside social functions Mrs. Page attended was a surprise birthday party honoring one of her old time friends, Bishop Thomas F. Gaylor of Tennessee. Only residents of Tennessee or former residents were present at the dinner served at the Brown Palace Hotel.

STUDENTS TO ATTEND OPEN HOUSE MONDAY

In order that the new students of W. T. S. T. C. may become better acquainted, open house will be held at the Little House of Fellowship Monday afternoon from 3 to 5 o'clock. Mrs. Elizabeth Fry Page will be hostess, and Rev. and Mrs. E. E. Madeira will assist in entertaining.

All students and faculty members are cordially invited to attend.

REBECAHS DO DRILL WORK TUESDAY EVENING

The degree team of the Canyon Rebekah lodge were an inspiring sight as they went through their drill work, all in white robes, at the meeting of the lodge Tuesday evening. Following the drill the vice-grand charge was given by Mrs. Bertie Strain, present vice-grand.

Mrs. Maude Wagy received the lucky number in the drawing contest and was presented with a pink sun bonnet.

At the conclusion of the program, refreshments were served in the dining hall by the lodge members. The two long tables were decorated in the lodge colors. A refreshment course of cakes, mints and iced punch was served.

Those present were: Mesdames Benge, Lockhart, Strain, Stratton, McBride, Loudder, Johnson, Meyer, Cole, Sullivan, Gibbs, Tanner, Brown, Hair, Laughery, Hendrix, Wagy, and McIntire and Miss Mae Warren, and S. F. Benge, and A. K. McBride.

RESOLUTIONS OF RESPECT

As adopted by the Palo Duro Unit of the American Legion Auxiliary on the death of Miss Agnes Meyers.

Whereas, It has pleased our Heavenly Father to remove from our midst our friend and member, Agnes Meyers, be it resolved:

That in the passing of Agnes Meyers the Auxiliary has lost a most beloved and useful member and that she will be greatly missed; that the community, the church, and the home are the poorer because she will be absent from us.

That, we the members of the Palo Duro Unit of the American Legion Auxiliary of which she was a charter member extend the family of our deceased friend our sincere and heartfelt sympathy in their recent bereavement and that we join them in paying tribute to her memory.

God calls our loved ones, but we
lose not wholly
What he hath given;
They live on earth, in though
and deed, as truly as in
Heaven.

That copies of this resolution be sent to the family of the deceased and that it be inscribed in the minutes of the Auxiliary.

Mrs. C. L. Thompson
Mrs. Geo. A. Farlow
Mrs. J. Madison Daugherty.

Neal Edwards of White Deer visited Mrs. B. Brewer and family Tuesday.

WOMAN'S BOOK CLUB HOLDS FIRST MEETING

With Mrs. T. H. Knighton presiding, the Woman's Book club met Wednesday in the first meeting of the year at the club room in the court house. An interesting course of study under the general subject of "Miscellaneous Travels" has been chosen for the term and the topic under discussion Wednesday was "England."

Mrs. Oscar Gamble gave an explanatory sketch of the geographical background of the country followed by a talk on the interesting literary towns of England by Mrs. E. D. Harrell.

Mrs. Clyde McElroy described in an entertaining manner a number of quaint old English inns, and Mrs. T. M. Moore spoke to some length on significant historical spots of the land.

Other officers who will serve the Book club for the coming months are: Mrs. Ray Campbell, vice-president; Mrs. J. W. Shanklin, secretary; Mrs. E. D. Harrell, treasurer; Mrs. Harris M. Cook, librarian; Miss Edna Graham, parliamentarian; Mrs. Dan F. Sanders, critic; Mrs. T. V. Reeves, Federation councilor and publicity and press reporter.

FIRST BAPTIST CHURCH

9:45 a. m., Sunday School.
11:00 a. m., Sermon by pastor.
7:00 p. m., B. Y. P. U. meetings.
8:00 p. m., Sermon by pastor.

The public is cordially invited to all of our services Sunday. In a special way we greet with joy the many college students who are now among us and to them we extend a warm welcome to our church. If already a member of the Baptist church we cordially invite you to unite with us during your college stay in our city. If not a Christian we earnestly hope that you will attend our church, and our greatest joy will be in trying to help you. If without church preference we extend to you a welcome to make our church your home church while among us.

To all our Baptist college students, both from the city and outside points, we cordially invite you to the special reception the church is planning for you, which will be either Sept. 26 or Sept. 28. The definite date will come to you in time.

We want you n our choir, in our Sunday School, in our B. Y. P. U. activities, and in all our church life. "Come thou with us and we will do thee good."

C. G. HOWARD, Pastor.

SIX CANYON MEN ENTER GOLF BOUT

Six Canyon men will be entered in the Post Season golf tournament of the Wheat Belt Golf Association which will take place at Plainview, September 27.

Bill Bryant, H. A. Brown, Ross Craig, Felix Neff, Jimmie Gamewell and Ray Campbell will represent the local club.

Between 70 and 80 men have entered from the eight clubs making up the association. There will be four flights and identical prizes will be awarded to the players in each flight.

Miss Hazel Wineinger of Canyon and brother Oral, of Amarillo, made a business trip to Littlefield Monday.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, September 21, 1906.)

Our new cylinder press is up and ready for action and it is expected that on the completion of the new brick stores the call for advertising space will be such as will require a larger paper. The News is now ready for business.

I. W. McClure begins work on his town residence this week. It is to be one and a half story and contain eight rooms.

Miss Clara Eakman went to Amarillo Sunday to enter the Commercial school.

Miss Isabel Prichard left Sunday evening for Goodnight College.

Miss Berta Wilson and her cousin, Miss Alice Smylie of Lubbock left Monday for Milford, Texas, where they will enter school.

A. A. Tauter starts to put up a windmill with a forty foot tower for L. S. Carter to-day, and lumber is being hauled to build Mr. Carter's new resilence.

Judge K. C. Bell, Randall county's first choice for governor in the primary election, married at Fort Worth Wednesday evening of last week.

Mrs. McWhirter and daughter, Mrs. A. S. Rollins, took the train Sunday for Greenville and Albert will have to "batch" awhile, about a month, he says.

Including the brick business houses there are 25 buildings in process of construction in town. This does not include those contracted for and not begun.

Rev. J. T. Burnett has closed 3 years fine pastoral work at Palo Dura Church. He is a fine church builder. Much good work has been accomplished. Bro. Hicks of Decatur, has been called to this work.

George Hand is buiding a new residence on his newly purchased claim.

METHODIST CHURCH

Let us make Sunday "Go To Church Sunday." The college students will be in town for their first Sunday and let us make them feel that Canyon is not only a town of churches but a town of people who patronize the churches. We welcome all new students and shall be glad to see all former students in our services each Sunday. The Church is of God and is built for His glory and for the spiritual development of our souls. Let us educate the heart as well as brain and muscle. Good choirs good Sunday School teachers and good Young People's Divisions await you. We urge each teacher and student not only of the College but of our public schools and of the town and country to come and worship with us. If you desire to go elsewhere, we invite you in behalf of the Ministreal Association of Canyon to any church in town.

C. E. JAMESON, Pastor.

CANYON DAY AT THE TRI-STATE FAIR SATURDAY

Canyon's delegation led by the Buffalo Band will go to Amarillo for the Tri-State Fairy Day Saturday. Two radio programs will be broadcast from station WDAG. The programs will be at 1:15 and 9:00 p. m.

Persons may obtain Canyon badges at the Chamber of Commerce beginning Friday afternoon and until the Canyon delegation leaves Saturday morning.

A. A. Walker spent last week end in Plainview on business.

Miss Gladys Beavers returned Friday from Hereford where she spent the past week.

TWO PARENT-TEACHERS ASSOCIATIONS FORMED

Two new Parent-Teachers Associations have been formed in Randall County since the opening of the fall session. The Lakeside school, five miles north of Canyon organized a P. T. A. under the direction of Mrs. J. A. Hill of this city. Mrs. Margaret Weeks is the teacher. The Sunny Hill School, seven miles from Canyon was assisted in its organization by Mrs. A. W. Sternenberg of Canyon. The teachers there are Mr. and Mrs. Rex Roby. Both organizations will seek to secure needed equipment for their schools and to improve the social life of the community and promote good health among the pupils.

CARD OF THANKS

We wish to thank all the farmers who contributed products to be used in the Randall County exhibit at the Tri-State Fair. A winning county exhibit would not be possible without the co-operation of quite a number of farmers.

We wish also to express our appreciation for the splendid co-operation of the Canyon Chamber of Commerce in giving assistance in the last minute rush of preparing the exhibit.

W. H. UPCHURCH.

NOTICE

If the person taking suede leather jacket from Olympic Theatre Tuesday night will return same to Mr. Wooten or Frank Hicks, no questions will be asked. 1t

A severe wind amounting to a gale visited our section Sunday afternoon lasting several hours, accompanied by heavy clouds of dust.

A number of light showers fell Sunday night, giving us some moisture. Farmers would appreciate a good season to sow wheat.

Born to Loyse Gillham and wife a 10 pound son, Wednesday, Sept. 16. Mother and babe are doing well.

Joe Byce of the Beverly community, accidentally shot himself Friday, Sept. 18. He was buried at Wayside Saturday. A large crowd attended the burial. He leaves a wife and three children and other relatives and friends to mourn his departure.

Willis Fisher returned Monday from a ten days trip to Kansas City where he sold cattle. While gone he visited his old home in Illinois. Visited with his cousin, Bishop Bradley who some years ago was in Texas in these parts.

Henry Long, wife and Wilbert who lived at Wayside when they were married and left at once for Alabama, Mr. Long's native home, returned to Texas some time ago; left a short time since for Alabama on account of Mrs. Long's health. Doctors advised a change of climate. She was confined to her bed for some weeks before leaving Wayside. We trust she will be benefitted.

At close of Sunday School Bro. Andrew Butterfield gave us an excellent talk on the Sunday School lesson. Upon request he gave us a splendid sermon Sunday night. Glad to see the crowd attending so respectful and attentive.

W. I. Lane and wife, H. L. Harrell and family were dinner guests in the J. C. Payne home last Sunday.

Mr. and Mrs. L. B. Rogers, Mrs. I. C. Jenkins and Merle and Miss Sallie McGehee, all of Canyon, were entertained at the home of Mrs. M. L. McGehee at the noon hour Sunday. J. T. McGehee and wife visited the same in the afternoon.

Mrs. J. C. Knox was quite sick the past week, but is better at present.

Rev. Andrew Butterfield was a welcome visitor at the Sluder home Sunday, also M. C. Counterman and family.

Quite a lot of row crops, some with grain is being saved on the Plains.

Quite a few Waysiders are planning to attend the Tri-State Fair at Amarillo this week.

THE EAGLE'S TALE

VOLUME NO. 6 | CANYON, TEXAS, SEPTEMBER 24, 1931 | NUMBER 3

CACTUS CAL

Cactus still sighs for the good ole days when men were men and women stayed at home, sometimes. Things are different now adays.

In those good ole days the girl listened when the man proposed, but now she tries to take his job away from him.

The girl now adays is athletic. She takes a daily one hundred, goes out for track, basketball and in some places football. The more exercise she takes the stronger she gets and what man wants a woman that would lift him off the ground by the ear every time he refused to eat her cast-biscuits and canned cookery. Alas, woe is the man of today.

MUSIC DEPARTMENT

The music department of the Canyon Public School, under the direction of Addaline Strain, has the prospect of being one of the most interesting diversions of the school. Miss Strain plans to organize a boys' quartet. A boys' and girls' glee club. A band, a grade school band, and an orchestra. There are very few old members of these organizations left; however Miss Strain is sure the new members will fill the places well and make a complete success. She invites all people with instruments to join the band or orchestra.

S. H. Condron Gives Talk on Constitution

Mr. S. H. Condron discussed with the students of Canyon High, Wednesday, Sept. 15, the importance of a Constitution Week in America.

He told of the recently adopted plans of setting aside a week for the study of the Constitution. Forty-three states out of the forty-eight have begun requiring all high school graduates to have at least one-half year of government. He also stated that the children of Italy and Russia at the age of six are required to attend schools which are owned and operated by the government, and later their occupations must be selected so that the government will be benefitted. Mr. Condron did not advocate the adoption of this plan, but he did advocate the studying of the Constitution and an interest in the affairs of the government.

CHAPEL TUESDAY

Mrs. Lee Foster and Miss Dorris Lynn Loudder gave a very entertaining program Tuesday in Chapel. The program consisted of:

Nocturne ..... Schumann

Miss Loudder
Sundown ..... Kirk
Mrs. Foster

This program was enjoyed by the students and it is hoped that they will appear again in the near future.

S. P. Q. R. ORGANIZES

The S. P. Q. R. elected its officers Monday. With these officers they can carry on successfully.

President, Jean Burgess.
Vice-president, Jewel Chambers.
Secretary and treasurer, Thelma Bryant.
Program committee, Gladys Hendrix and Stella Mae Smith.
Social committee, Juanita Hendrix and Pat Cochran.

Following the election, Latin songs were sung.

Eagles to Play Season's Second Night Game Fri.

The Eagle football squad will meet the Silverton Owls beneath the lighted Buffalo field Friday night, September 25.

This will be the second night game played by the Eagles. Last year the Eagles won over Silverton, but it has been reported that the Owls have a stronger team and a harder fight is being expected.

Extra Period Again To Be Used in C. H. S.

The activity period installed during the second semester of last year is being continued in the high school at the request of about 90 per cent of the students. A period of twenty minutes is set aside each day for outside activities.

It has been found that when extra curricular activities are included in the daily schedule of a school, they receive support from a much larger number of students and create for greater interest than if held after school hours. The activity period is held from 2:50 to 3:12 every evening except Friday.

On Monday clubs meet. At the persent time every student in the high school holds a membership in some club. This affords valuable social and informational training. The following clubs are organized in the high school:

Athletics—Coach Brady.
Math—Miss Clark.
Dramatics—Miss Loudder.
Music—Miss Foster.
Science—Mr. Fox.
Latin—Miss Jordon.
Spanish—Miss Foster.
Social Science—Miss Murrel.
Home Economics—Mrs. Brady.
Press—Miss Dickinson.

PRESS CLUB

An interesting program on modern advertising was given by Louise Wester and George Brewer at the Press Club meeting Monday. The rates and methods of advertising were discussed.

This topic for the next few programs will be the short stories, articles, and advertisements of various magazines.

GIRL SCOUT MEETING

Girl Scouts meeting was held Wednesday, September 16, in the basement of the Presbyterian church.

Following the business session, Miss Goodrich told of her summer experience, as a counselor at Life's Camp, a short distance from Georgetown, Connecticut.

MUSIC CLUB

The music club met in their regular weekly meeting Monday afternoon. Mrs. Foster and Gladys McBride played a duet, "Always Merry." Mrs. Foster then read a sketch on the development of music through prehistoric and modern music. There are now about sixteen members.

New System of Accounting Is Installed Here

A faculty accountant system has been installed in the Canyon High School to take care of all organization funds. Miss Grace Clark has been appointed accountant. Athletic, library, club, classes and organization funds are turned over to her. A receipt is given the treasurer of each organization by Miss Clark when they turn in money to her. Whenever they wish to withdraw funds, the treasurer draws up an order, signed by the organization sponsor and presented to the faculty treasurer. A check is then given by her on the general accountant.

With this system an accurate check can be made on all funds collected in the school. Such a system not only provides for accurate accounting, but also gives the students valuable business training.

SPANISH CLUB ORGANIZES

The Spanish club met for their second time Monday. The officers that were elected are:

President, Mae Beth Bishop.
Vice-president, Lela Bell Johnson.
Secretary and treasurer, Laura Fern Brian.
Chairman of program committee, Amor Lee Greenfield.
Reporter, Eulalie Moore.

The time was spent in getting acquainted and being initiated. The constitution was read by Armor Lee and all the new members entered the club by saying the pass word. There are 33 in the Spanish club and everyone seems to be anxious to see what kind of a club it is going to be. Watch! It's going to be peppy and interesting for them all.

MISS MURRELL ENTERTAINED

Friday night, Mary Orton gave a surprise party for Miss Ethleen Murrell. Games followed the telling of stories by Mr. Orton.

A handkerchief shower was then awarded Miss Murrell by the Girl Scouts. Ice cream, cake and watermelon, as refreshments concluded the laughter and merriment.

Miss Murrell has promised her assistance in Scouting this winter.

Panhandle Grid Team Beaten By Eagles 12-6

The Eagles kept up their winning ways Saturday night by defeating the Panthers of Panhandle 12 to 6 in the first High School night game of the season.

This was scheduled to be thrilling and it was in no way a disappointment. In the first of the game Canyon fumbled on her thirty yard line and Panhandle recovered. A few end plays put the ball on Canyon's one yard line. A center plunge scored for the Kitties. The trial for a goal failed.

The ball stayed in the center of the field for a few minutes until Pierson and Tucker completed a long pass and Tucker galloped about fifteen yards to put it over.

The second quarter was tighter although all through the game each side made large gains frequently.

In the third quarter Tucker took the ball on his own 24-yard line and cantered off tackle through the Panthers' line and by their safeties and sped away from the would-be tackles to score. Both teams showed good form and very little substituting was done on either side.

SENIORS SELECT INVITATIONS

A committee met Monday, Sept. 21, to select invitations for the Senior class of 1932.

They were selected from several beautiful varieties printed by the Balfour Company.

Thursday at noon the Purple Peps opened with plenty of noise and vim.

Many definite plans were made for the work of the squad. To become a member, each girl will have to make a pledge to support the Eagles, attend at least three-fourths of the home games, do their best at yelling, and create pep and vigor for the team.

The following officers were elected:

Kayte B. Lowe, president.
Margaret Tankersley, vice-pres.
Armor Lee Greenfield, sec'y-treas.
Vara Edwards, sergeant-at-arms.

Friday night at the Panhandle game the squad demonstrated their excellent training with a clever stunt and enthusiastic yelling.

HIGH SCHOOL SPONGES

Webster says sponges came from the sea. That may be true in part, but not all sponges came from the sea. There are too many that have never seen the ocean.

There are sponges and sponges. Despite the great number of varieties sponges are all alike in principle. To get the most for the least is their motto, and they keep it well.

Do you know a sponge? It is certain you do. At school there is the person who always wants you to prepare his lessons for him and furnish him with notebook paper, ink and paper clips. When you see the sponge coming down the hall you run the other way. But he is a good sprinter; he catches you two minutes later just as you have begun to congratulate yourself on your escape. He approaches with a serene air and "smiling morning face." He knows he is a "nuisance"—this plaintively as if to say, you know he cannot help it but "could you just this once?"

Without waiting for him to finish, you frantically thrust upon him all your papers and mumble an excuse over your shoulder as you hurry away.

The fellow is positively uncanny. You have left off hating him thru fear—pure fear. He has a way of finding you every time he needs you. Before each approach you determine not to give in, but you always weaken.

But to go back to Webster's sponge—a sponge never achieves anything in life. Once a sponge, always a sponge, it makes no difference in what condition or state of life the creature exists.—Borah "Newswriting."

Postponed Taxes Due October 15th

Tax payers who take advantage of the postponement of taxes from January 31st are advised that all taxes on this year's rolls must be paid on or before October 15th, 1931.

On October, 16th unpaid taxes become delinquent, and penalties will be added. Those who did not pay their taxes before January 31st will save considerable penalty by paying on or before October 15th.

What About the COW and the HEN for the winter?

Whether 'tis better to allow the blasts of winter to cut down the milk supply and the egg production or whether its better to protect the cows and the hens from ailments by proper housing and have them maintain production during the period of highest prices, is the thing to be decided right soon.

Don't wait until lessened production shows the need—change winter into summer for those cows and those hens and keep them busy making more dollars for you—you can do it if you'll build new houses or properly repair the old ones ahead of the chill of winter.

DR. HILL'S RACE

A movement which is going good in the Panhandle and which is gaining support daily, will no doubt receive the wholehearted support of every citizen of this community, is that of the friends of Dr. J. A. Hill, who are pushing his name as candidate for president of the Texas State Teachers Association.

The fact that Dr. Hill is qualified for that position and the fact that he is a leading educator is without a doubt. His friends who are conducting the campaign are pushing the candidacy as much as possible. No duobt all support will be greatly appreciated. Should the president of the West Texas State Teachers College be elevated to such a position it would mean wonderful recognition for his labors here and for the college. It will be an honor of no mean degree.

CANYON DAY AT THE FAIR

Do your bit in making the Canyon day at the fair a success.

It is to be recognized that Saturday will be a hard day for merchants in Canyon to close, in fact that will be an impossibility, in order to take in the fair. However, there should be hundreds who will be free and should go by all means.

The Chamber of Commerce would have been pleased to see another day set aside by the fair officials, but working under the handicaps, Saturday was the best day possible, it appeared after a conference with Mason King, head of the Trade Extension division of the Amarillo Chamber of Commerce. Let's all join hands and everyone attend the fair, which is as much ours as anyones. Attend more than one day if at all possible and make a special effort to attend with the Canyon crowd on Saturday is the appeal of the Chamber of Commerce.

RIGHT KIND OF CHAMBER OF COMMERCE

"Bryan, Texas, has the right kind of a Chamber of Commerce. It is the 'Bryan and Brazos County Chamber of Commerce.' Much good could be done in all the counties if the leading cities in each paid attention to the necessities of their counties by having their chambers of commerce county-wide.

"Yorktown has a Chamber of Commerce and Agriculture which performs the same service for the farmers in its section of Dewitt county, as does the Bryan chamber for the whole county.

"Operating as county-wide chambers a great deal of good can be accomplished by bringing the farmers and producers in closer touch with the city people and consumers, as in all too many cases there is a regrettable antagonism between the town and country people. In many cases they vote and work against each others interest and all lose thereby.

"There are many services that a chamber of commerce can perform for the country dwellers, with very little addition to their overhead and operating expenses." — Texas Industrial Resources.

UNEMPLOYMENT?

In these days when we hear so much about unemployment it is amusing to note that the papers at the same time are publishing appeals from the farmers in the cotton growing sections of the state appealing for more help in gathering the crop already made.

It makes some people wonder if there really is as much unemployment over the country as it is pictured to us. With the many thousands out of work, walking the highways, begging for food, in a land of plenty, there is apparently no reason why the cotton farmer cannot get help to gather his crop.

To be sure it is a measly price for such work that is being paid those who pick the crop, but is that price not more than the share the farmer will receive when the cotton crop is marketed? Is it not a higher price in proportion to the price offered him on the market today? The farmer can pay no more than he is able to pay. Yet there are those whose pride, or something else about them, will not allow them to stoop to the low prices which have been forced upon the poor American farmer.

LET'S APPRECIATE OUR COUNTY

Here in Randall county we have many things to be thankful for and many of our citizens realize what we do have. Just ask any person who has traveled over a distance of several hundred miles in any direction from Canyon how this section looks to him as compared with other sections. Invariably everyone will tell you that this is the best part of the United States. We need to wake up and realize the riches that we have.

Milk prices are on the upward trend. That's good news to the farmers in Randall county who have staked a little on cows for a side line. These sidelines in the past 18 months have proven to be of real value. Outside creameries are quoting the cream producers of this county 30 cents per pound for butterfat and cream. Two months ago the outside quotations were only 20 cents per pound. Whole milk prices may see an upward trend for the Randall county producers within the next few weeks if the present shortage in other cities continues.

FAIR BOUND

Are you ready for the trip to the Fair?

The biggest Tri-State Fair opened Monday morning to be greeted by the largest attendance in its history for an opening day. The exhibits in all departments are the largest of any time in the past.

Randall county is taking her share of the winners in every class and we should go up and let them know where Canyon is. Saturday will in all probability see the largest crowd of any single day and Canyon should appear with flying colors.

TWO MORE HONORS.

The fact that Randall county has produced two more dairymen worthy of honors of two medals in the Amarillo News-Globe Master Dairy Farmers contest places this county as an undisputed leader in the dairy circles of the Panhandle.

In the three years of the contest, Randall county has furnished six of the thirty winners of medals in the contest. Just twenty percent of all winners. One of these being a first place winner. Randall county is proud, and justly so, of the achievements of her farmers who are never satisfied with the present but strive to improve and look to the future with a vision of greater achievements.

AMENDMENT TO ORDINANCE NO. 15

AN ORDINANCE TO AMEND SECTION NO. 35 OF CITY ORDINANCE NUMBER 15 WHICH WAS PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF CANYON, TEXAS, ON THE 30TH DAY OF MARCH, A. D. 1910, AND ENTITLED "CITY ORDINANCE NUMBER 15, REGULATING SEWER AND PLUMBING AND MAINTENANCE THEREOF AND SEWER DRAINAGE AND THE KIND AND CHARACTER OF WATER CLOSETS AND PRIVIES AND THEIR CONNECTION WITH SEWER SYSTEM, AND THE KIND AND CHARACTER OF CLOSETS WHERE THEY ARE NOT REQUIRED TO BE CONNECTED WITH THE SEWER SYSTEM AND PROVIDING FOR AN INSPECTOR OF PLUMBING AND LICENSING OF PLUMBERS AND PRESCRIBING PENALTIES FOR THE VIOLATION THEREOF."

THAT SECTION THIRTY-FIVE (35) BE AMENEDED TO READ AS FOLLOWS:

Any person desiring to do business as a plumber in connection with the sewer system, its mains, laterals, pipes, fixtures, etc., shall file in the office of City Secretary an application giving the name of the individual or firm and the place of business and asked to be licensed as a plumber, said license shall not be granted by the City Secretary unless said applicant submits to him the certificates of two plumbers in good standing, said plumbers to be selected by the Inspector of Plumbing, or unless the applicant submits other evidence of his qualifications as a plumber satisfactory to said Inspector of Plumbing.

Each applicant for license shall execute and deposit in the office of the City Secretary, a Surety Bond for the sum of One Thousand ($1,000.000) Dollars payable to The City of Canyon, Texas, conditioned that such plumber shall save the City harmless of any and all damages of what ever kind resulting from negligent or unskillful work on the part of said plumber, or any one working under him, that all paving, curbs and sidewalks removed, damaged or injured in excavating shall be replaced and maintained by him for six months, that he will abide by all the rules and regulations made by the City of Canyon, in regard to plumbing work.

Said Bond shall be renewed each year, failure to renew same shall operate as a forfeiture of said license.

No license shall be granted for more than one year.

A discontinuance of business shall act as a revocation of said license.

Before any license is issued the applicant shall pay to the City of Canyon, Texas, the sum of Fifty ($50.00) Dollars for the first year, and the sum of Twenty-five ($25.00) Dollars for renewal for the second year, provided the renewal amount is paid before the first year expires. Said license shall state the following: The Consideration received, name of person or firm to whom license is issued and the location of the business; it shall state the date of issuance and the expiration thereof, and be signed by the City Secretary, with the Corporate Seal of the City of Canyon.

This Amendment was introduced at a regular meeting of the City Commission, of the City of Canyon, Texas, on September the 7th, 1931, and passed at said regular meeting on September 7, 1931, and to take effect from and after its publication according to law.

FOR THE BEST ANSWERS EXPLAINING THE

MYSTERY of the "HIDDEN QUART"

AND TELLING HOW THIS QUART BENEFITS MOTORISTS

Fact No. 1—*Thousands of motorists and service station men have observed that after a car has been given its first fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing . . . but*

Fact No. 2—*These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles, and practically none at 500 and up to 1,000 miles!*

The above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your crankcase usually holds, your car's mechanical condition and the speeds at which you drive

What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple—no technical knowledge of motors or oil is necessary.

Remember—The "hidden quart" of Germ Processed Oil does not escape through leakage . . . does not burn up, wear out nor evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free Entry Blank which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest.

See Rules of Contest for complete details.

of those deeply interested in better education. A large part of the work necessary for the advancement of the institution here, is directly attributed to Dr. Hill's untiring efforts.

Not only has he been active in the educational circles of the Panhandle of Texas, but Dr. Hill has found time to devote his attention to civic and religious activities in this section. At present he is active vice-president of the Panhandle of Texas, Inc., an organization for the purpose of attracting national attention to the resources of this section of the country.

It was largely through Dr. Hill's efforts that the plans for a museum building for the Panhandle-Plains Historical Society were completed. Recently the state legislature voted an appropriation of $25,000 to assist the society in erecting the building, which will be located on the campus of the College.

He is a member of the Baptist Church and active in the affairs of that denomination in this section.

C. A. Cryer, superintendent of the Dimmitt Public Schools is chairman of the regional committee in charge of Dr. Hill's race and serving with him are 16 prominent school superintendents of Northwest Texas.

Corduroy Makes Debut in Fall Fashions

AVAILABLE IN THE RICH DARK FALL COLORS, DURABLE VELVETEEN FABRICS ARE SPLENDID FOR GENERAL AND FORMAL WEAR

BY HARRIET

CORDUROY, the fabric that has fashioned little Willie's school pants, defying hard knocks on the playground, has landed squarely in the center of the World of Style.

In Paris at the great French designers' showings of their fall collections gowns and wraps of corduroy won the widest attention and praise. Copies of these corduroy costumes are being rushed to completion now for American shoppers. They are particularly suited for street, sport and general wear, though some of the corduroy suits are elaborate enough for formal afternoon entertainments.

Velveteen, a sort of first cousin of corduroy, shares its honors. These two fabrics take the rich dark colorings that are the fall favorites particularly well. In brown, green, the plumb shades and dark red both corduroy and velveteen are at their loveliest. The French have taught American manufacturers some new tricks in using these materials and the results thoroughly justify the excitement they have created.

A coat frock that will certainly attend the more important football games and score winning points for itself is made of natural corduroy—a creamy, beige shade—severely tailored and closing directly down the center front. This closing line and the cuffs are trimmed with two-inch bands of the corduroy cut so that the ribs run horizontally. Large dark blue buttons adorn these trimming bands. A wide belt of dark blue leather circles the waist. A close-fitting turban of navy velvet was chosen to wear with this dress. Blue gloves and shoes complete the ensemble.

The costume would be equally effective if dark brown instead of blue were combined with the beige corduroy.

* * *

A MORE dressy costume, though simply tailored, is a black velveteen suit with a blouse of white satin. It is an adaptation of one of the more striking French imports with the slimly-molded skirt cut high into a sort of bib effect which buttons to the blouse with large crystal buttons. The jacket is collarless to show the minutely pleated bertha collar of the blouse. Pleated cuffs which hang down covering the wrists also show below the sleeves of the jacket. The white blouse fastens at the center front with a row of crystal buttons. The small black hat is made of the same velveteen as used for the suit. Tipped at the "Empress Eugenie" angle, the hat is untrimmed except for a jaunty bow perched on the left side above the ear. The whole costume is picturesque, and decidedly wearable.

For wraps and coats the wide-wale and wide-ribbed corduroys are generally used. For frocks and hats the narrow-ribbed fabric is favored.

Tailored town suits of velveteen such as shown at the left mark a revival in popularity of this fabric. Note the Bertha collar on a tuck-in blouse which presents a sharp contrast to the jet black skirt and jacket. At the right, natural corduroy is shown in a spectator sports coat frock, which is featured by large buttons and wide belt of navy.

Have you what is commonly called

that Tired Feeling?

"I just can't go on"—how often you hear this.

So often the reason is simple—that good body of ours has "run-down" under the strain of our way of living . . . pressure of work and worry.

Those important precious red-blood-cells that mean so much to vitality become lowered in count . . . the hemoglobin percentage begins to fall and we wonder "what is the matter."

If this is your trouble, why not take steps to overcome it—remembering that a "tired feeling" may be a warning * * * so are pimples, boils and paleness. A general run-down condition means a lack of normal resistance to infection and disease.

For generations S.S.S. as a tonic has been helping people gain New Strength, better health and happiness. Its successful record of over 100 years in restoring strength and vitality to the blood surely warrants your giving it a good trial.

Why not start taking S.S.S. today?—the larger size represents a price saving.
